Libraries Matter...

New Yorkers for Better Libraries (NYLIBS-PAC)

A political action committee formed in 2003 by New York library advocates who believe that increased state aid for libraries and library systems is essential so that library and information services can be sustained and improved for the people of New York.

New York Library Association (NYLA) Legal Defense Fund

NYLA's ability to continue aiding libraries facing legal issues of statewide concern is predicated on a robust Legal Defense Fund.

NYLA's Sustainability Initiative

This initiative provides New York's library leaders with time and resources to articulate how libraries adapt to our changing world while, as co-creators, shape strategies that ensure libraries remain vital, rebound from disruption, and provide on-going value to the communities they serve.
